

MOBI • G

The golf cart, reinvented

ABOUT Us

Mobi G Industries (Pty) Ltd ("MGI") was established in 2018 as a sister company to Mobi-Lodge (Pty) Ltd, an award-winning caravan manufacturer that is currently the second largest producer of offroad caravans in South Africa. The concept of designing and building a golf cart like no other was conceived in 2018. Over an extensive period, we have completed an intensive program of research and development. Available products in the market were thoroughly analysed in every detail with a view to improve quality, functionality and ultimate design. We are proud to have launched the MOBI•G.....the golf cart reinvented....offering a range of special features like never before.

MGI's factory is based in Middelburg Mpumalanga, South Africa and is staffed by a highly motivated team of technicians and craftsmen. Service centres have been established in Western Cape, Gauteng, Garden Route and Kwazulu-Natal.

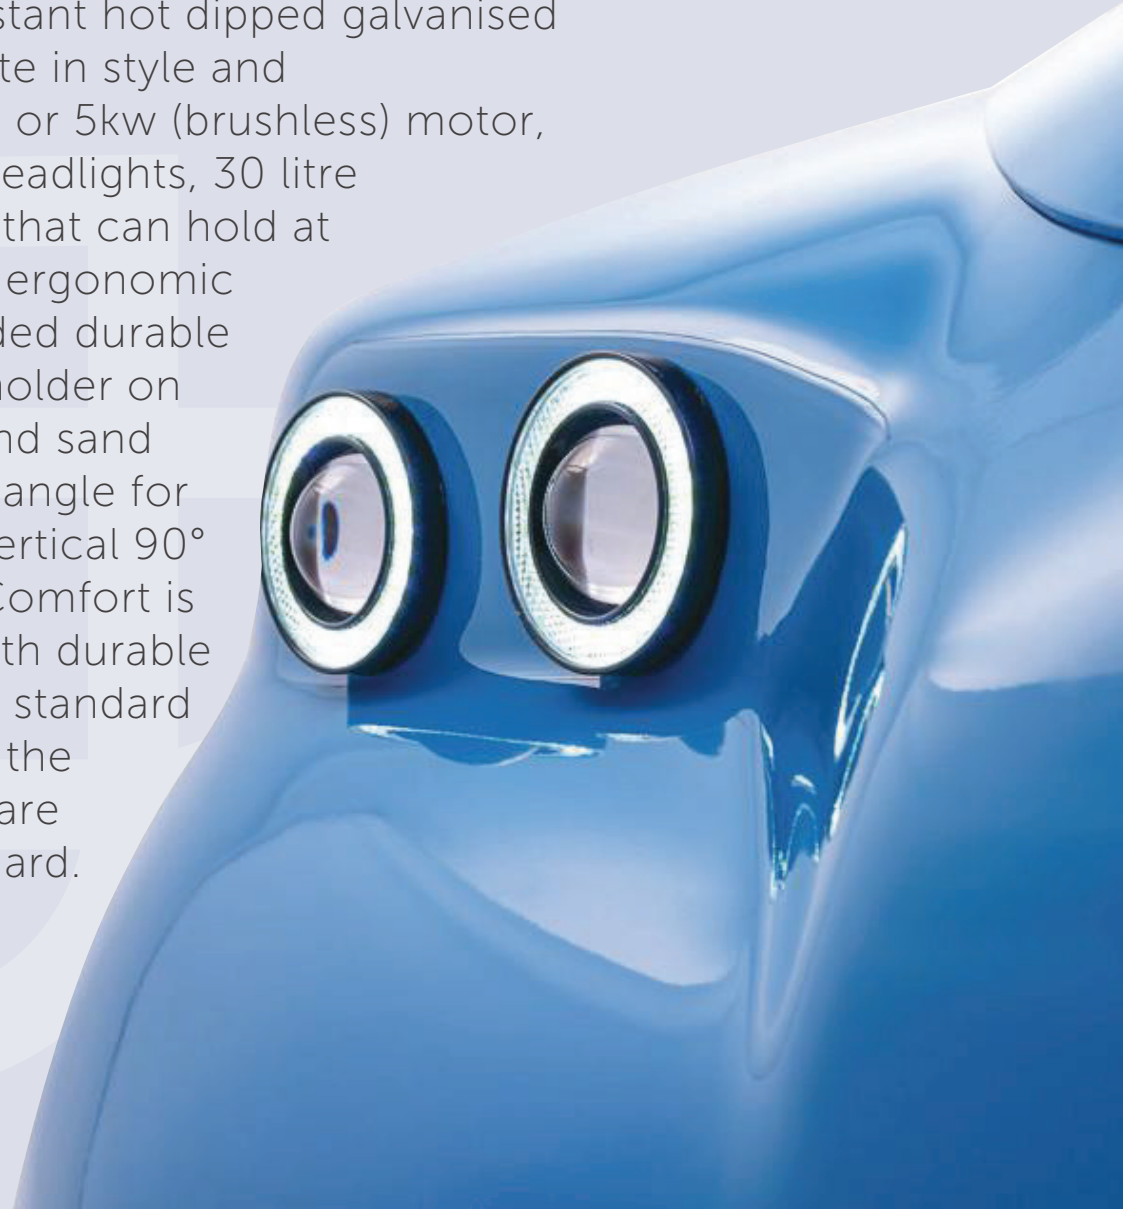

MGI's vision is to become the leading supplier of golf carts in Southern Africa and the rest of the world. Our mission is to supply the most unique top quality golf cart on the market.

SPECIAL FEATURES

Mobi•G carts are built for strength and durability. Quality is ensured by scratch and fade resistant fibreglass bodies and rust resistant hot dipped galvanised chassis. Stainless steel fittings provide the ultimate in style and luxury. Excellence is further guaranteed in a 4kw or 5kw (brushless) motor, lithium battery as standard, Angel Eye and LED headlights, 30 litre lockable nose compartment, built-in cooler box that can hold at least 8 drinks, 4 litre Built-in water tank with tap, ergonomic body shape, electronic gear selector, colour coded durable vinyl seats, dual USB charging point, scorecard holder on cantered console, wide angle rear view mirror and sand bucket. A 65° golf bag module is designed at an angle for easier handling of clubs for golfers of all ages. Vertical 90° bag stand is also available should you prefer it. Comfort is ensured by our leaf spring suspension system with durable front shock absorbers. All Mobi•G Golfer's come standard with 13" wheels. You may also upgrade either to the Alloy or Black powder coated rims. All our carts are governed at a forward speed of 22km/h as standard. On request this may be adjusted.

OPTIONAL extras: GPS mounting, custom made Mobi•G trailer and rain kit.

Mobi•G is truly the golf cart, reinvented with features never seen on a golf cart before.

MOBI•G'S UNIQUE DESIGN OFFERS A NUMBER OF FEATURES NEVER SEEN IN A GOLF CART BEFORE
